Hi Medi - I can make either time. Do you want any additional support from EPA? Would you like me to get some specific feedback from my attorney? USFWS used to help with Clipper Cove, but they're not available to me anymore.

I'm guessing you're looking for some middle ground with respect to the remedy more than anything, but please let me know if there's anything specific I can do to help.

-Christine

Thank you to those who provided their schedule. I did not find a mutual date and time. Please let me know if your availability on April 6th after 10am and morning of April 8th. These dates are around our monthly BCT meeting, when the Navy can attend. I would like to have a meeting, maybe at TI. We can set up a call in # for those who cannot come.

Thanks -- Medi

Hi All,

As discussed at the BCT meeting yesterday, we would like to have a meeting to discuss the proposed remedial alternative for Site 27 considering the marina development and other regulatory agencies' requirements. Please provide your availability the last two weeks of this month and the first week in April.

Thanks -- Medi
